Subject: Z21 Application

Good morning, Jamie,

As we discussed on the phone this morning, staff has found a few issues with the current draft that need to be addressed, including some formatting issues and necessary language that didn't transfer to the new format. You may wish to ask the Planning Commission to table the request for a month to allow staff to make the necessary corrections.

Please let me know if you would like to request the issue to be tabled. Feel free to reach out with any questions.

Thank you,
